Dear Sir/Madam

THE PROPOSED RENEWAL OF THE INTERESTED PERSON TRANSACTIONS MANDATE

1. INTRODUCTION

- 1.1 The Directors are seeking Shareholders' approval for the proposed renewal of a general mandate for interested person transactions ("**IPT Mandate**"). The IPT Mandate was initially approved by Shareholders at the EGM of the Company held on 15 April 2016.
- 1.2 The purpose of this Appendix is to provide Shareholders with information relating to the proposed renewal of the IPT Mandate and to seek Shareholders' approval for the resolution in respect thereof to be tabled at the upcoming AGM.

2. THE PROPOSED RENEWAL OF THE IPT MANDATE

2.1 Background

- 2.1.1 At the AGM of the Company held on 16 April 2021, Shareholders approved the renewal of the IPT Mandate which was expressed to have effect until the conclusion of the next AGM of the Company and, as such would be expiring on 18 April 2022, being the date of the forthcoming AGM. Accordingly, the Directors propose that the IPT Mandate be renewed at the forthcoming AGM and for it to take effect until the conclusion of the next AGM to be held in 2023.
- 2.1.2 The proposed renewal of the IPT Mandate will enable the Entities at Risk, in their ordinary course of business, to enter into categories of transactions with the specified classes of Interested Persons set out in section 2.4 of this Appendix, provided that such transactions are entered into on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.
- 2.1.3 There is no change in the categories of transactions, Entities at Risk and specific classes of Interested Persons in the proposed renewal of the IPT Mandate.

LETTER TO SHAREHOLDERS

2.1.4 The renewed IPT Mandate will take effect from the passing of the ordinary resolution relating thereto at the forthcoming AGM and will (unless revoked or varied by the Company in a general meeting) continue in force until the conclusion of the next AGM of the Company. Approval from the Shareholders will be sought for the renewal of the IPT Mandate at the next AGM and at each subsequent AGM of the Company, subject to the satisfactory review by the Audit Committee of its continued relevance and application to the transactions with the Interested Persons and confirmation that the methods or review procedures for the transactions with Interested Persons are sufficient to ensure that the transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the Company and/or its minority Shareholders.

2.2 Chapter 9 of the Catalist Rules

2.2.1 Chapter 9 of the Catalist Rules governs transactions in which a listed company or any of its subsidiaries or associated companies over which the listed company has control (other than a subsidiary or associated company that is listed on a foreign stock exchange) enters into or proposes to enter into with a party who is an interested person of the listed company. The purpose is to guard against the risk that the interested persons could influence the listed company, its subsidiaries or associated companies to enter into transactions with the interested persons that may adversely affect the interests of the listed company or its shareholders.

2.2.2 Under Chapter 9 of the Catalist Rules, where there is a transaction between an interested person and an entity at risk, and the value of the transaction alone or in aggregation with other transactions conducted with the same interested person during the financial year reaches or exceeds certain materiality thresholds (which are based on the listed company's latest audited consolidated NTA, unless the transaction is excluded as described below), the listed company is required to make an immediate announcement, or to make an immediate announcement and seek its shareholders' approval for the interested person transaction.

An immediate announcement is required for an interested person transaction of a value equal to, or exceeding:

- (a) 3% of the listed company's latest audited consolidated NTA; or
- (b) 3% of the listed company's latest audited consolidated NTA, when aggregated with the values of all other transactions entered into with the same interested person (as construed under Chapter 9 of the Catalist Rules) during the same financial year.

Shareholders' approval (in addition to an immediate announcement) is required for an interested person transaction of a value equal to, or exceeding:

- (a) 5% of the listed company's latest audited consolidated NTA; or
- (b) 5% of the listed company's latest audited consolidated NTA, when aggregated with the values of all other transactions entered into with the same interested person (as construed under Chapter 9 of the Catalist Rules) during the same financial year.

These requirements do not apply to transactions that are below S\$100,000 in value or certain transactions which qualify as exempted transactions under Chapter 9 of the Catalist Rules.

LETTER TO SHAREHOLDERS

2.2.3 For illustrative purposes only, based on the latest audited consolidated financial statements of the Group for the FY 2021, the consolidated audited NTA of the Group was S\$57,258,322. Accordingly, for the purpose of Chapter 9 of the Catalist Rules, during the current FY 2022 and until such time as the audited consolidated financial statements of the Group for the current FY 2022 are published, 3% and 5% of the latest audited consolidated NTA of the Group would be S\$1,717,750 and S\$2,862,916 respectively. Shareholders' approval is required where:

- (a) an interested person transaction is of a value equal to, or more than, approximately S\$2,862,916; or
- (b) an interested person transaction, when aggregated with other transactions entered into with the same interested person during the same financial year, is of a value equal to, or more than, approximately S\$2,862,916.

2.2.4 Rule 920 of the Catalist Rules, however, allows a listed company to seek a general mandate from its shareholders for recurrent transactions of a revenue or trading nature or those necessary for its day-to-day operations such as the purchase and sale of supplies and materials (but not in respect of the purchase or sale of assets, undertakings or business) which may be carried out with the listed company's interested persons. A general mandate is subject to annual renewal.

2.2.5 For the purpose of Chapter 9 of the Catalist Rules:

- (a) an “**entity at risk**” means:
 - (1) the listed company;
 - (2) a subsidiary of the listed company that is not listed on the SGX-ST or an approved exchange; or
 - (3) an associated company of the listed company that is not listed on the SGX-ST or an approved exchange, provided that the listed company and/or its subsidiaries (the “**listed group**”), or the listed group and its interested person(s), has control over the associated company;
- (b) an “**interested person**” means:
 - (1) a director, chief executive officer, or controlling shareholder of the listed company; or
 - (2) an associate of any such director, chief executive officer, or controlling shareholder;
- (c) the SGX-ST may deem any person or entity to be an interested person if the person or entity has entered into, or proposed to enter into: (a) a transaction with an entity at risk; and (b) an agreement or arrangement with an interested person in connection with that transaction.

LETTER TO SHAREHOLDERS

- (d) an “**associate**”:
- (1) in relation to any director, chief executive officer, substantial shareholder or controlling shareholder (being an individual) means:
 - a. his immediate family;
 - b. the trustees of any trust of which he or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object; and
 - c. any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more; and
 - (2) in relation to a substantial shareholder or a controlling shareholder (being a company) means any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more;
- (e) an “**approved exchange**” means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles as Chapter 9 of the Catalist Rules;
- (f) an “**interested person transaction**” means a transaction between an entity at risk and an interested person; and
- (g) a “**transaction**” includes:
- (1) the provision or receipt of financial assistance;
 - (2) the acquisition, disposal or leasing of assets;
 - (3) the provision or receipt of goods or services;
 - (4) the issuance or subscription of securities;
 - (5) the granting of or being granted options; and
 - (6) the establishment of joint ventures or joint investments;
- whether or not in the ordinary course of business, and whether or not entered into directly or indirectly (for example, through one or more interposed entities).
- (h) a “**primary interested person**” means a director, chief executive officer or controlling shareholder of the issuer;

LETTER TO SHAREHOLDERS

(i) in interpreting the term “**same interested person**” for the purpose of aggregation of the values of all transactions entered into with the same interested person during the same financial year under Rules 905, 906 and 907 of the Catalist Rules, the following applies:

- (1) Transactions between (a) an entity at risk and a primary interested person; and (b) an entity at risk and an associate of that primary interested person, are deemed to be transactions between the entity at risk with the same interested person.

Transactions between (a) an entity at risk and a primary interested person; and (b) an entity at risk and another primary interested person, are deemed to be transactions between an entity at risk with the same interested person if the primary interested person is also an associate of the other primary interested person; and

- (2) Transaction between an entity at risk and interested persons who are members of the same group are deemed to be transactions between the entity at risk with the same interested person.

If an interested person (which is a member of a group) is listed, its transactions with the entity at risk need not be aggregated with transactions between the entity at risk and other interested persons of the same group, provided that the listed interested person and other listed interested persons have boards the majority of whose directors are different and are not accustomed to act on the instructions of the other interested persons and have audit committees whose members are completely different.

2.3 Rationale and Benefit to Shareholders

2.3.1 It is envisaged that the Group, in the ordinary course of its business, will, from time to time, have transactions with the Interested Persons. Such transactions would include (a) the purchase of chemicals and chemical related products from the Interested Persons by the Group, (b) the sale of chemicals and chemical related products to the Interested Persons by the Group and/or (c) the provision of contract manufacturing services to the Interested Persons by the Group.

2.3.2 Due to the recurrent nature of such commercial transactions, the obtaining of the IPT mandate pursuant to Chapter 9 of the Catalist Rules, will enable the Group, in its ordinary course of business, to enter into the categories of transactions set out in section 2.5 of this Appendix, with the Interested Persons, provided that such IPTs are made on normal commercial terms, and are not prejudicial to the interests of the Company and its minority Shareholders.

2.3.3 The IPT Mandate and any subsequent renewal on an annual basis will facilitate entry into the IPTs with the Interested Persons in the ordinary course of the Group’s business, and eliminate the need for the Company to announce and/or convene separate general meetings on each occasion to seek Shareholders’ prior approval for the entry into such transactions by the relevant entity in the Group with the Interested Persons. This will substantially reduce the expenses associated with the convening of general meetings on an ad-hoc basis, improve administrative efficacy considerably, and allow manpower resources and time to be channelled towards attaining corporate objectives.

LETTER TO SHAREHOLDERS

2.4 Classes of Interested Persons

The IPT Mandate will apply to the IPTs which are carried out with the following Interested Persons:

- (a) Chori Co., Ltd, a Controlling Shareholder of the Company which, as at the Latest Practicable Date, has a deemed interest of 29.99% in the issued share capital of the Company and holds its 39,976,670 Shares under the custodian account of Chori Co., Ltd. maintained with Citibank Nominees Singapore Pte. Ltd.; and
- (b) current and future associates of Chori Co., Ltd.

2.5 Nature and Scope of the IPT Mandate

2.5.1 The IPT Mandate will cover the IPTs, in the ordinary course of business, in relation to:

- (a) the purchase of chemicals and chemical related products from the Interested Persons by the Group;
- (b) the sale of chemicals and chemical related products to the Interested Persons by the Group; and
- (c) the provision of contract manufacturing services to the Interested Persons by the Group.

2.5.2 For the avoidance of doubt, the IPT Mandate does not cover transactions in respect of any purchase or sale of assets, undertakings or businesses.

2.5.3 The IPT Mandate will apply to any IPT within the categories set out in this section 2.5 of this Appendix, regardless of its value.

2.5.4 Transactions with interested persons (including the Interested Persons) that do not fall within the ambit of the IPT Mandate will be subject to the requirements of Chapter 9 of the Catalyst Rules and/or other applicable provisions of the Catalyst Rules.

2.6 Validity Period of the IPT Mandate

The IPT Mandate is subject to Shareholders' approval at the AGM. If approved by the Shareholders at the forthcoming AGM, the IPT Mandate will take effect from the date of the passing of the ordinary resolution as set out in the notice of AGM relating thereto, and will continue in force until the conclusion of the next AGM (unless revoked or varied by the Company in a general meeting), or the expiration of the period within which the next AGM is required by law to be held, whichever is earlier. Approval from Shareholders will be sought for the renewal of the IPT Mandate at the next AGM, subject to satisfactory review by the Audit Committee of the continued requirement of the IPT Mandate and the continued sufficiency of the review procedures to ensure that the transactions with the Interested Persons will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

LETTER TO SHAREHOLDERS

2.7 Disclosure

2.7.1 In accordance with the requirements of Chapter 9 of the Catalist Rules, the Company will:

- (a) disclose in the Company's annual report the aggregate value of transactions conducted with the Interested Persons pursuant to the IPT Mandate during the financial year (as well as in the annual reports for subsequent financial years that the IPT Mandate continues in force); and
- (b) announce the aggregate value of transactions conducted with the Interested Persons pursuant to the IPT Mandate for the financial periods that it is required to report on pursuant to Rule 705 of the Catalist Rules (which relates to interim and full year financial results reporting by listed companies) within the time required for the announcement of such report.

The disclosure will also include the name of the Interested Persons, nature of relationship and the corresponding aggregate value of the IPTs, presented to indicate (a) the aggregate value of all IPTs during the financial year under review (excluding transactions conducted under the IPT Mandate); and (b) the aggregate value of all IPTs, conducted under the IPT Mandate.

2.8 Guidelines and Review Procedures for the IPTs under the IPT Mandate

2.8.1 Review Procedure

The Group has established the following review procedures to ensure that the IPTs under the IPT Mandate are carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders and on terms which are generally no more favourable to the Interested Persons than those extended to unrelated third parties.

Sale of Products and/or Provision of Contract Manufacturing Services

- (a) The sale of products or provision of contract manufacturing services by the Group to Interested Persons will be carried out at the prevailing market rates and on terms which are no more favourable to the Interested Person than the usual commercial terms extended by the Group to unrelated third party customers (including, where appropriate, preferential rates/prices/discounts accorded for high volume purchases) or otherwise in accordance with applicable industry norms.

Prior to the sale of products or provision of contract manufacturing services to an Interested Person, the terms of at least two (2) other recent sale transactions to unrelated third party customers for the same products or services, wherever possible, will be used as comparison to determine whether the transaction price and terms offered to the Interested Persons by the Group are fair and reasonable and comparable to those offered to the unrelated third parties. Other factors such as, but not limited to, delivery schedules to be met, quality and quantity of products ordered, credit terms, packing terms, reliability and credit worthiness of customer, freight cost, storage cost, production cost, potential for future business and rebates or discounts accorded, will also be taken into consideration.

LETTER TO SHAREHOLDERS

- (b) In the event that it is not possible to obtain comparative quotes in the manner described above for the same product or service due to the nature of the product or service to be sold or provided (as applicable), the transaction price and terms of the products and services to be sold to the Interested Persons shall be determined in accordance with the Group's usual business practices and on normal commercial terms, taking into consideration factors such as, but not limited to, delivery schedules to be met, quality and quantity of products ordered, credit terms, packing terms, reliability and credit worthiness of customer, freight cost, storage cost, production cost, potential for future business and rebates or discounts accorded.

Purchase of Products

- (a) Prior to the purchase of products from an Interested Person, the Group shall, wherever possible, obtain the quotations from at least two (2) unrelated third parties for the same product at the similar quantities which will be used as a basis for comparison to determine whether the transaction price and terms offered by the Interested Persons to the Company are fair and reasonable and comparable to those offered by the unrelated third parties. Other factors such as, but not limited to, delivery schedules, quality and quantity of products, credit terms, packing terms, reliability of supplier, freight cost, storage cost, potential for future business and rebates or discounts accorded, will also be taken into consideration.
- (b) In the event that it is not possible to obtain comparative quotes in the manner described above due to the nature of the products to be purchased, the transaction price and terms of the products to be purchased from the Interested Persons shall be determined in accordance with the Group's usual business practices and on normal commercial terms, taking into consideration factors such as, but not limited to, market prices of similar or substitute products (or any other ways to access reasonableness of the purchase price), delivery schedules, quality and quantity of products, credit terms, packing terms, reliability of supplier, freight cost, storage cost, potential for future business and rebates or discounts accorded.

2.8.2 Approval

In addition to the review procedures set out in section 2.8.1 of this Appendix above, the following approval procedures have been implemented:

- (a) the review and prior approval by the following persons in accordance with the Company's internal approval matrix is required for any IPT, where the value thereof is less than S\$100,000.00:
 - (i) a Country Manager or the Group Purchasing Manager (each having no interest, direct or indirect, in the IPT) in relation to any purchase of products; and
 - (ii) a Country Manager (having no interests, direct or indirect, in the IPT) in relation to any sale of products and provision of contract manufacturing services;
- (b) the review and prior approval of the Managing Director (having no interest, direct or indirect, in the IPT) is required for any IPT where the value thereof is equivalent to or greater than S\$100,000.00 but less than 3% of the Company's latest audited consolidated NTA; and

LETTER TO SHAREHOLDERS

- (c) the review and prior approval of the Audit Committee is required for any IPT where the value thereof is equivalent to or greater than 3% of the Company's latest audited consolidated NTA.

Such review includes the examination of the transaction and its supporting documents or such other data deem necessary by the Audit Committee. The Company will prepare the relevant information to assist them in their review.

The above approval thresholds are adopted after taking into account, *inter alia*, the nature, volume, recurrent frequency and transaction size as well as the Group's day-to-day operations, administration and businesses. The approval thresholds act as an additional safeguard to supplement the review procedures to be implemented for the IPTs under the IPT Mandate.

In the event that any person specified above (other than the Audit Committee) has an interest (direct or indirect) in any of the IPTs, he will abstain from any review or decision-making in respect of that particular IPT, and such review and approval process shall be undertaken by such other senior executive of the Company (who do not have any interest in the IPT) as designated by the Audit Committee from time to time for such purpose.

If a member of the Audit Committee has an interest (direct or indirect) in any of the IPTs, he shall abstain from participating in the review and approval process of the Audit Committee in relation to that transaction. The review and approval process will be undertaken by the remaining members of the Audit Committee.

2.8.3 Other Review Procedures

The Company will maintain a register of transactions carried out with the Interested Persons, including the IPTs entered into pursuant to the IPT Mandate (recording the basis, including (if available) the quotations obtained to support such basis, on which they were entered into) ("**IPT Register**"). Any discrepancies or significant variances (as determined by the Audit Committee) from the Group's usual business practices and pricing policies will be highlighted to the Audit Committee.

The Company will maintain a list of interested persons (which will be updated periodically) and will disseminate the list to the relevant staff of the companies within the Group to enable the identification of the interested persons.

The Audit Committee shall, at least on a half-yearly basis, periodically review the IPT Register to ensure that the IPTs are carried out on normal commercial terms and in accordance with the guidelines and review procedures under the IPT Mandate and the prevailing rules and regulations of the SGX-ST (in particular, Chapter 9 of the Catalist Rules). Interested party transactions which are not within the ambit of the IPT Mandate will be subject to Rules 905 and 906 of the Catalist Rules.

The Audit Committee shall also review from time to time such guidelines and review procedures to determine if they are adequate and/or commercially practicable in ensuring that IPTs are conducted on normal commercial terms and do not prejudice the interests of the Company and its minority Shareholders. Further, if during these periodic reviews by the Audit Committee, the Audit Committee is of the opinion that the methods or procedures for determining transaction prices and terms become inappropriate, it will, in consultation with

LETTER TO SHAREHOLDERS

the Board, take such actions as it deems proper to modify or implement further procedures and if it deems necessary, the Company will seek to obtain a fresh general mandate from the Shareholders based on new guidelines and review procedures for the transactions to be entered into with its interested persons, pursuant to Chapter 9 of Catalist Rules.

The Audit Committee may request the Company to include a review of IPTs, the guidelines and procedures in its internal audit plan.

If a member of the Audit Committee has an interest (direct or indirect) in any of the IPTs, he shall abstain from participating in the review and approval process of the Audit Committee in relation to that transaction. The review and approval process will be undertaken by the remaining members of the Audit Committee.

The Board shall have the overall responsibility for the determination of the review procedures with the authority to sub-delegate to individuals or committees within the Company as it deems appropriate.

3. INTERESTS OF DIRECTORS AND SUBSTANTIAL SHAREHOLDERS

As at the Latest Practicable Date, the interests of the Directors and Substantial Shareholders in the Shares are set out below:
